NEFRO-GOLD®

Intestines & Kidney Flusher

Description

Nefro Gold is a potent, dual-action liquid supplement formulated to support kidney flushing and intestinal detoxification in poultry. Powered with Flucamide, Sorbitol, Choline, and select herbal extracts, Nefro Gold is highly effective in combating fluid retention, uric acid buildup, and toxic overload during disease or post-treatment recovery.
It is especially effective in managing renal and cardiac stress symptoms associated with Gumboro (IBD) and Hydropericardium Syndrome (HPS). Nefro Gold enhances hepatorenal metabolism, acts as a natural antistress agent, and stimulates appetite during periods of immunosuppression or drug-induced stress.

Indications

Highly effective during Gumboro (IBD) and Hydropericardium Syndrome (HPS) to manage fluid overload and renal stress
Supports renal flushing in viral infections such as IBD and IB, reducing nephrotoxicity and urate accumulation
Helps resolve fluid retention, edema, and ascitic conditions by promoting gentle diuresis
Assists in the management of cardiac insufficiency-like symptoms associated with hydropericardium
Aids in forced excretion of toxins, antibiotics, and drug residues in cases of overdose or prolonged therapy
Enhances hepatic and renal metabolism, supporting recovery during convalescence
Exhibits antistress properties, reducing heat and transport-related stress
Acts as a natural appetite stimulant, improving feed intake under stress or during disease

DOSAGE & ADMINISTRATIONS

Preventive : 1 ml/lit of drinking water, once a week
Curative : 2 ml/lit of drinking water, for 3 days
Treatment of Gomboro & Hydropericardium : 5ml/lit of drinking water, for 3 days
Day Old Chicks : 1/2 ml/lit of drinking water, for 7 days

Shake well before use.
Medicated drinking water should be used within 24 hours.

Composition

Furosemide ----15 gm
Sorbitol ---- 200 mL
Sodium Citrate ---- 100 mL
Choline Chloride ---- 100 mL
Betaine Anhydrous ---- 30 gm
L-Methionine ---- 40 gm
Yucca schidigera Extract ---- 20 mL
Dandelion Extract ---- 15 mL
Tribulus terrestris Extract ---- 10 mL
Artichoke Extract ---- 10 mL
Vitamin C ---- 10 gm
Citric Acid ---- 5 gm

Available SKU's

1 Liter Bottle (12 bottles per carton)
5 Liter Can (4 cans per carton)

Storage Conditions

Store in a cool, dry place below 30°C
Protect from direct sunlight and moisture
Keep tightly closed in original container
Keep out of reach of children and unauthorized personnel
